Proper guidance in English is consistently provided by experienced faculty members, visiting renowned professors, and various resource persons.

Second Part

Smart Education, is a pioneer Institute in the field of Spoken English, call centre, BPO and Personality Development at Midnapore/Khargapur zone in West Bengal. In today's world acquiring the scholastic degree is not sufficient to grow and excel in life; we need a bit of x-factor to beat others in the competition, an armory of academic certificate will fall short in mileage than to a morsel of extracurricular activities. Today it is no longer possible to get a job or an admission just on the basis of an entrance test. Each of these processes is followed by either a Group Discussion or a Personal Interview, or both. Personality Development is a tool through which you bring out your capabilities and your strengths making yourself aware of your inner self and become more confident to face the outside world.

Mission

The mission of Smart Education is:

- To promote and advance the cause of multidisciplinary research by providing a common platform for hands on training program/ internships/ project works (lab and field based) / NEP based modules for UG and PG students
- To impart practical exposure to students, young entrepreneurs, and science practitioners in modern fishery modules and allied molecular based training.
- To facilitate better cooperation and coordination to fulfil the need of the present-day fishery course curriculum and extent the cause of societal outreach program.
- To create awareness and develop skills to the students among combining molecular/cell biology cutting edge techniques, bridging the gap between traditional knowledge and modern scientific inventions.

In accordance with a mutual desire to promote and develop skill-based educational, training, and research activities between the two institutions - Midnapore City College, Department of Humanities (English) and Smart Education, we agree to the following statement of intent.

The cooperation in specific areas will be designed by mutual consent and incorporated into additional agreements as required upon signature by the appropriate authorities.

General Areas of Interest and Cooperation

The two institutions agree to collaborate in the following general areas:

- Sharing of technical infrastructure and field facilities to enhance practical, skill-based education.
- Sharing of intellectual expertise for skill-based programs — both theoretical and practical.
- Initiation of joint academic and skill-based professional programs.
- Joint organization of workshops, training sessions, seminars, and field demonstrations on Communicative English
- Joint promotion of each other's expertise and collaborative capabilities through educational and community outreach.

Scope of Midnapore City College (Department of English)

- To run academic programs and skill development workshops in English.
- To facilitate student with training, research projects, and internships.
- To organize seminars, awareness camps, and capacity-building programs.
